***Items EXCLUDED from discounts include prescription flea prevention, heartworm prevention, Melarsomine (heartworm) treatment, prescription diets, outside laboratory tests, emergency fees, and after-hour fees.**

Appointments & Records

You understand that for us to be able to provide attention and quality care to all of our patients, appointments are highly recommended.

***ALL APPOINTMENTS FOR COVERED RESCUE SERVICES WILL BE MADE THROUGH AN APPOINTED RESCUE CONTACT AND NOT THROUGH ADOPTED/FOSTER FAMILIES.**

Walk-ins are also accepted and will be treated on a first come first serve basis, once any scheduled appointments have been seen. Emergencies and urgent sick pets will always be examined first. If a foster/owner presents more than 10 minutes late to their appointment, they may be required to drop off the pet.

Please inform families that at times, foster pets and adopted pets may be taken to the treatment area for preventative care visits.

***ALL PREVIOUS VACCINATION HISTORY IS REQUIRED TO BE PRESENTED PRIOR TO OR ON THE FIRST VISIT, OR PREVENTATIVE CARE WILL BE REPEATED.**

Adopted pets that present for sick visits, unrelated to rescue services, will be seen in an exam room and have an exam fee charged to the owner. If pets are here and being treated after hours, emergency fees or after-hours fees may apply.

Early thorough examination and diagnosis from our veterinarians is needed when signs and symptoms begin to prescribe medications and treat pets correctly and efficiently. We need to be made aware and history provided if a pet has received medical treatment or has received any prescribed or over-the-counter medications prior to being examined by us.
